ICC Los Angeles Basin Chapter
 PO Box 1855
 Glendale, CA 91209-1855

Dear President Itani:

Thank you very much for the email outlining the L.A. Basin Chapter's concerns about pending changes to the ICC Code Development Cycle (CDC). The intent behind our proposal was to respond to concerns that the CDC had become too burdensome for many of our members and stakeholders. After considering many options our Board of Directors settled on the approach you have seen.

As we receive feedback, I am sure our Board will take careful measure before taking further steps. I will see that the board receives a copy of your email and we will follow up with any further developments regarding this issue.

We very much appreciate your support for the ICC process and have a great deal of respect for our colleagues in the Los Angeles Basin.

Thank you again for your thoughts.

Sincerely,

Adolf Zubia
 President, ICC Board of Directors
